1914

1917

Austria is at the center of the action, has excellent access to resources, and a lot of neighbors. Preventing your neighbors from ganging up on you is the first priority for Austria.

Take Serbia, and make sure that Russia and Italy do not decide to invade you. Suggest to them the advantages of an early attack on Turkey. With Turkey, encourage him to build fleets and fight Italy, or get into an early war with Russia around the Black Sea.

More than any other power, you will succeed or fail based on your powers of persuasion. Do not be afraid to make deals that favor other powers slightly more than yourself, as you need good friends to survive.
